

# Native American Student Support

## Title VII Grant

U.S. Department of Education  
Office of Indian Education

**Objective:** Support Native American students who are experiencing difficulty at school including low grades, poor attendance, behavioral problems, etc. Provide culturally sensitive and appropriate support.

**Who:** Native American students qualify for support if the student or their parent is an enrolled member of a federally recognized tribe.

**What:** Many types of individualized support for families and students can be accessed including referrals to district and community resources.

**When:** Services can be requested at any time based on need.

**Where:** Support can be accessed and will be provided at schools and throughout the community.

**How:** Contact... Bruce LeClaire
